

# Comics: Pomes

These fruits are all pomes.  
Can you see what they  
have in common?

I only know that they are  
all juicy and delicious.

3

They all have thin skin,  
thick flesh, and a few little  
black things in the  
middle.

You are both very observant.  
Those black things are the  
seeds of the fruits.

After we have eaten the  
fruits, we can leave the  
seeds behind, plant them  
in the soil, hoping they will  
grow into fruit trees!

Jolly good!
