Latest Arrangements for "Joyful Fruit Month" Activities

In view of the latest development of the novel coronavirus outbreak and the class suspension arrangements made by the Education Bureau, the following adjustments have been made to the activities of the "Joyful Fruit Month":

1

Schools are encouraged to flexibly utilise the materials delivered by the Department of Health for promotion of healthy eating in the current school year, depending on the date of class resumption and adjustments made to the teaching schedule.

2

We have postponed the deadline for submission of the overall score of the "Fruit Diary Card Award Scheme" by kindergartens and child care centres and "Billboard Competition" by primary schools. Following the conclusion of the aforementioned activities, schools may submit the overall score to the Joyful Fruit Month Secretariat by email **on or before 31 July 2020**.

Latest Arrangements for School Fruit Promotion Project in Secondary Schools

Schools that have participated in the School Fruit Promotion Project may consider postponing their activities, which should be concluded **on or before 31 July 2020**. To facilitate the assessment by the Hong Kong College of Cardiology, schools are required to notify the Joyful Fruit Month Secretariat in advance of the new date/new arrangements relating to the activities. Following the conclusion of the activities, schools are required to **submit the Evaluation & Financial Report (Appendix II) and relevant documents on or before 14 August 2020** to ensure that the subsidy will be granted on time.
