

# Joyful Fruit Month 2025 School Newsletter

## The Latest Enrolment Situation

We have entered April, the annual “Joyful Fruit Month”! So far, over 1,700 schools have enrolled in the “Joyful Fruit Month”, with the number of student beneficiaries exceeding 590,000! Schools that are interested but have yet to participate in the “Joyful Fruit Month” or request materials for organising activities should submit their [enrolment forms/reply slips](#) to the “Joyful Fruit Month” Secretariat on or before 30 April 2025, so as to promote the message of “eating fruit every day is good for our health” with us hand in hand! For the information of the participating schools, please visit the “[List of Participating Schools & School Map](#)” on the “Joyful Fruit Month” website.

## The “Joyful Fruit Month” Trophies

In recognition of the schools’ efforts to promote fruit consumption, those that have continuously participated in the “Joyful Fruit Month” for ten years will be awarded a trophy. The “Joyful Fruit Month” Secretariat will contact the eligible schools for the awarding of the trophies in due course.

## E-resources of the “Joyful Fruit Month”

To facilitate teachers and students in enjoying an interesting and educational learning experience, the e-resources of the “Joyful Fruit Month” this year have now been updated, with different types of educational materials available for teachers and students to download free of charge:

### Nutritional Facts of Fruit

This year, we have updated a series of “Nutritional Facts of Fruit”, with rich content covering the fruit structure diagrams, as well as the nutrients, nutritional values and interesting tidbits of different fruit categories. Teachers may utilise this educational material in teaching or make refer to it when organising activities for promoting fruit consumption. In addition, schools may also encourage parents and students to browse these “Nutritional Facts of Fruit”, with the aim of enhancing their knowledge and understanding in the aspect and heightening their interest in consuming fruit.

### “Fun Fruit Quiz”

While you eat two servings of fruit every day, how in-depth do you know about fruit? The “Fun Fruit Quiz” on the “Joyful Fruit Month” website allows you to showcase your knowledge by answering different types of questions about fruit! Teachers may make good use of this resource by organising mini-contests at school or encouraging students to learn through play, allowing everyone to exercise their brains and explore the secrets of fruit!

### E-certificates of the “Joyful Fruit Month”

The newly designed e-certificates are now available on the website for teachers to use! The password for initiating the E-certificate Printing Programme will be sent to the teachers-in-charge by email this month. Teachers only need to enter the password in the programme to prepare certificates of commendation as a token of appreciation for students who have actively participated in the “Joyful Fruit Month”. Please download the “E-certificate Printing Guidelines” before running the programme to learn about the installation procedure.
